MOBILITY OF YOUNG PEOPLE

Please read all of the information below carefully!

Contents of our project are as in the following

By implementing our project, we aim to ensure that the young people who participate in our project have knowledge and awareness about the problems experienced and faced by refugee women.

At the same time, we aim to create an impact in the local, regional, national and international areas by increasing the visibility of our project with the dissemination activities to be carried out during and after our project.

To generate ideas with our participants about what can be done about the health issues of refugee and migrant women,

To inform and raise awareness among participating youth that refugee and migrant women are exposed to multiple traumas during migration, including oppression, physical and sexual violence and life-threatening situations,

To inform and raise awareness among participating young people that patriarchal values, cultural and individual taboos negatively affect health literacy in reproductive health, sexual health and maternal and child health and the ability to transform the knowledge acquired into behaviour.

ABOUT ACCOMMODATION

1. We will notify you about the Hotel with all details in the Facebook group of the project.
2. Our hostels are set 3 days before the project date and no change is made. Hostels often do not have air conditioning, and the concept of hostels are all the same all over the world. In addition, there will most probably be no personal items such as towels, toothbrushes, sheets, so you should bring these items with you. In our projects, in both youth exchanges and training courses, accommodation is made in the style of camping. Moreover, some projects can be implemented in camping areas in bungalow houses. Participants should take this into account, and come to our project knowing that in order not to have disappointments. And, accommodation places are not open to evaluation.
3. In addition, participants, organizers, and leaders who do not want to stay in hostels arranged by the organizer can stay in other hotels, provided that they cover their own accommodation fees. The important thing is to fully participate in the events. Otherwise, their participation will be cancelled.
4. If you give any damage to the room or to the items, you have to pay for the expenses.
5. In some projects you may have to stay with people up to 8 in the same room. It is usually 4 or 5 participants in one room but this may change according to accommodation place.
6. We do not have coffee breaks, fruits, cookies, etc... in our project. While you are coming to the project, you should approve this.
7. If the water cannot be drunk from the fountain, we will provide it. Otherwise, it will be drunk from the fountain.
8. The food menu may vary according to the country where the project takes place and the culture of the country. We do our best to the extent of the people.
9. If the participants do not like the food, they can eat elsewhere, provided that they pay it themselves.

I read and accept the rules.

The total ticket price was 250 Euros with the latest change. However, even if your maximum ticket price is 275 Euros depending on the distance, we will pay you on the first ticket you buy, ie 200 Euros. So the difference is not paid.

A boarding pass is a document provided by an airline during check-in, giving a passenger permission to enter the restricted area of an airport and to board the airplane for a particular flight. At a minimum, it identifies the passenger, the flight number, and the date and scheduled time for departure. In some cases, flyers can check in online and print the boarding passes themselves.

**This is the boarding pass which travel agency gives at airport.
As you see, it is written "Boarding Pass" on it. :)))**

**These are the boarding passes also. If you will do online check-in, you will get an e-mail like these. As you see, it is written "Boarding Pass" on them :)
You should print them also before you come here.**

For this reason, we would like you to write your names and signatures on the evaluation papers. Evaluation is for everything like teams, activities, cultural nights, etc.
- 3.After the culture night activities, we usually party with all the participants. However, when it is 01.00 am, everyone should go to their rooms in order not to be late for the activities on the other day. Since it is very important for us to participate in all the activities in the project. And after that time, no one should leave their rooms and make any noise in order not to disturb anyone.
- 4.During the project, using drugs such as weed, and marijuana is adamantly forbidden. It is very important: The use of weed, marijuana, and any kind of drugs is strictly prohibited in our projects. During the project, when the users and suppliers are identified, their participation will be canceled. When faced with such a situation, the police forces will definitely be informed of the incident. We request you to pay attention to this issue.
- 5.The project does not have to take place near the city center. It can be held in a village or town.
- 6.Sometimes, the hosting organization can let a team leave earlier because of their urgent job. It is up to the hosting organization.
- 7.In these conditions below, a participant cannot be allowed to stay in the project and they can't take any ticket money;
 - a) a person comes late to activities all time without any valid reason,

 - d) a person uses violence,
 - e) a person doesn't give necessary documents to us.

Participants' Task: You must care for the scheduled time, be kind, respectful, positive, eliminate the borders, have maximum fun, be cheerful and try to be a part of the solution. Please don't forget that we just try to eliminate the prejudices, xenophobia, and the borders between the countries. We just share our experiences with you. Please trust our friendship and experiences about projects. Participation of the participants who created problems during the project will be canceled. So, please pay attention to this. So, be kind, have fun, share your experiences and miss us when you go home.

Partnership: When we need to make a decision we will make it altogether since, each country is equal in the project.

Don't forget:

Neither project is a school, nor is a holiday. Care for program and rules and have fun. :) TRUST OUR EXPERIENCES ABOUT PROJECTS. THIS IS THE BEST WAY FOR YOU. YOU SHOULD DO THREE THINGS FOR THIS. **Relax, relax and relax.**

Team Leaders: You have to collect and manage your team, share their problems with us kindly and try to be part of the solution. Because good leaders can change everything positively or negatively. If somebody doesn't join the program without permission, you should find and learn her/his problem. Share this problem with the organizer to solve it. Sometimes, some participants may be sick. Of course, he cannot join the program then. But we should know that situation. When you go home, you must collect all your team's boarding passes and send them to us only by you. We don't want that everybody sends them by himself.

About The System: In projects, the organizer doesn't have to give reimbursement before final report. Final report takes one year nearly. But generally, if everything is ok, we give your money in maximum 6 months after we take your documents by post.

TO SUM UP

We are waiting for positive, cheerful, friendly, anti-racist, helpful people. Don't forget that PROJECTS ARE MADE ALTOGETHER. IF A PROJECT IS SUCCESSFUL, IT IS ALL TEAMS' JOB. SO, WE ARE A BIG TEAM AND WE CAN SUCCESS THIS ALTOGETHER.

THERE IS ONLY ONE DIFFERENCE BETWEEN HOSTING ORGANIZATION AND PARTNER ORGANIZATION: Hosting organization knows the conditions and projects the city better than the other teams. That is all.

These rules are written to maintain peace among the participants. These rules are all for both the Youth Exchanges and The Youth Workers' Mobilities. Even in youth Mobilities, we will choose a leader in order to provide a smooth process in our project.

The participants want, we can organize it altogether. If we cannot, you will have free time wherever you want to go.
